

How Minnesota Aging Pathways can help you

Minnesota Aging Pathways helps older Minnesotans and their caregivers find answers and connect to the services and support they need. We can help with Medicare, finding prescription drug cost assistance, forms and applications completion, long-term care counseling, finding resources in your community, caregiver support and much more. Come learn how Minnesota Aging Pathways can help you and your family members.

REGISTRATION

Minnesota Aging Pathways is a free, statewide service of the Minnesota Board on Aging in partnership with Minnesota's area agencies on aging. Minnesota Aging Pathways helps older Minnesotans and caregivers find answers and connect to the services and support they need.
